

London Masterclass 2025

The meeting of worldwide experts in Erectile Dysfunction

22nd-23rd May 2025

London, United Kingdom

Faculty_

Speakers

- Agustin Fraile - SP
- Andrea Cocci – IT
- Antoine Faix – FR
- Carlo Bettocchi – IT
- Daniar Osmonov– GE
- Georgios Hatzichristodoulou- GE
- Jay Simhan – US
- Juan Martinez Salamanca- SP
- Koenraad (Koen) van Renterghem – BE
- Marco Falcone – IT
- Marta Skrodzka – UK
- Martin Gross- US
- Odunayo (Ayo) Kalejaiye - UK
- Omid Sedigh– IT
- Patrick Gordon – UK
- Paulo Egydio - BR
- Pedro De Oliveira - PO
- Pippa Sangster– UK
- Sam Ward – BE
- Vaibhav (VB) Modgil - UK

Operating Faculty

- Asif Muneer - UK
- David Ralph- UK
- Faysal Yafi - US
- Rowland Rees - UK
- Wai Gin (Don) Lee- UK

Prof. David Ralph

UK

Chairman

Professor David Ralph is Professor of Urology at UCLH and UCL, London since 1996. He received Wilson cup for recognition in field of prosthetic urology.

Since appointed, he has built up the Andrology department at UCLH from a single man unit into a department of five consultants, 6 clinical fellows, MD and PhD students and junior staff. It is now the largest, most prestigious Andrology department in the world with over 50 international observerships per year and the highest number of tertiary referrals in the UK.

His practice is entirely confined to Andrology with the main interests being penile reconstruction, Peyronie's Disease, Erectile dysfunction with prosthetic Urology and male infertility.

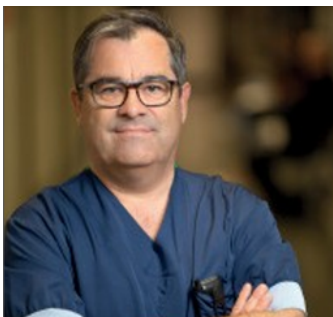

He has held many prestigious positions, the most notable including the Chairman of the BAUS section of Andrology, President of the British Society of Sexual Medicine and President of the European Society for Sexual Medicine (ESSM). He is currently Chairman of The European Society of Genitourthral Reconstructive Surgeons, President of the Sexual Advice Association charity and a specialist advisor to NICE.

He has over 250 peer-reviewed publication, 60 chapters and books, 500 international presentations and 500 invited lectures. He has been awarded the Brantley Scott medal in 2016 for recognition of his international contribution to Prosthetic Urology, the British Society For Sexual Medicine Career Award in 2017 and the ESSM career award in 2022. He is also the recipient of the St Peter's Medal, the highest award from the British Association Of Urological Surgeons for advancement in Urology.

Prof. Koen van Renterghem

Belgium

Moderator

Doctor van Renterghem graduated from the Catholic University of Leuven as a doctor of medicine, surgery and obstetrics in 1987. He then trained as a urologist at the University Hospital of the Catholic University of Leuven, Saint Martin's Hospital in Kortrijk and the University Hospital of St. Radboud, which belongs to the Catholic University of Nijmegen.

Alongside general urology, he has also covered research into andrology and impotence and urological prosthetic surgery.

Professor Doctor Van Renterghem is a member of the Belgian Urology Association (BVU) and the European Association of Urology (EAU), a Fellow of the European Board of Urology (FEBU), and a Full member of the EORTC. He is a member of the Urology Approval Board.

Professor Doctor Van Renterghem is a member of the Executive Committee of the European Society of Sexual Medicine (ESSM), European Society of Genito Urinary Reconstructive Surgery (ESGURS). He is also a professor at the Hasselt University faculty of medicine and a consultant urologist at the University Hospitals in Leuven.

Program

Thursday 22nd May

8.00 Registration

8.30am Opening - 6.30pm Closing

AM

Welcome - Coloplast

Session 1: Virgin cases

Moderators: Koen van Renterghem and Martin Gross

Live Surgery

IPP and Mini Jupette - Dr. Faysal Yafi

1st Assistant: Angelo Di Giovanni

2nd Assistant: Rakan Aldarrab

Case presentation by: Andrea Gobbo

Semi Live Surgery

- Primary Narrow IPP (Penoscrotal) - David Ralph
- Primary IPP in patient post hemipelvectomy - Patrick Gordon
- Primary IPP (Infrapubic) - Vaibhav (VB) Modgil
- Ectopic Reservoir placement - Carlo Bettocchi
- IPP and mini jupette - Andrea Cocci

Debate

Serial dilatation for a virgin implant should be performed.

Yes: Omid Sedigh, No: Jay Simhan

10.00 am: Break

Session 2: Priapism

Moderators: Omid Sedigh and Sam Ward

Live Surgery

Acute Priapism Implant - Mr. Rowland Rees

1st Assistant: Varun Sahdev

2nd Assistant: Ali Alrawahneh

Case presentation by: Katherine Guest

Semi Live Surgery cases

- Penoscrotal decompression in low flow priapism - Daniar Osmonov
- Penoscrotal decompression and placement of malleable implant - Saskia Morgenstern
- T shunt in Priapism - David Ralph
- Priapism Case study - Patrick Gordon
- Immediate IPP in low flow priapism - Omid Sedigh
- IPP in Chronic Priapism - Sam Ward

Talk

MRI in penile prosthesis surgery - Alex Kirkham
Consultant Radiologist

1.00 pm: Lunch

PM

Session 3: Peyronie's disease

Moderators: Marco Falcone and Daniar Osmonov

Live Surgery

IPP + Multislit technique + Tacosil - Mr. Wai Gin (Don) Lee

1st Assistant: Andrea Gobbo

2nd Assistant: Albert Wong

Case presentation by: Mohannad Nasser

Semi Live Surgery

- How to perform manual modelling after IPP for PD - David Ralph to be presented by Angelo Di Giovanni
- IPP with modelling - Koen van Renterghem
- Malleable penile prosthesis + MIT - Agustin Fraile
- Severe Peyronies disease: Tunical Mesh Expansion Procedure (TMEP) and IPP - Agustin Fraile

Debate

Management of significant residual curvature after penile prosthesis for Peyronie's disease.

For modelling: Jay Simhan, for grafting: Georgios Hatzichristodoulou

3.30 pm: Break

Session 4: Revision Surgery

Moderators: Carlo Bettocchi and Marta Skrodzka

Live Surgery

Revision IPP (for perforation) - Professor David Ralph

1st Assistant: Thomas Reid

2nd Assistant: Albert Wong

Case presentation by: Abdullah Al-Mitwalli

Semi Live Surgery

- IPP perineal revision (bilateral proximal perforation) - Pedro De Oliveira
- Revision of infrapubic penile prosthesis via penoscrotal approach - Marco Falcone
- Cylinder Escape - Juan Salamanca- Martinez

Debate

Immediate insertion of penile prosthesis at time of non-nerve sparing prostatectomy.

For: Juan Salamanca Martinez, Against: Patrick Gordon

7:30 pm: Dinner

Program

Friday 23rd May

8.30am Opening - 4.30pm Closing

AM

Session 1: Complications

Chairs: Andrea Cocci and Wai Gin (Don) Lee

Live Surgery

Crossover - Exchange Malleable penile implant - Dr. Faysal Yafi

1st Assistant: Angelo Di Giovanni

2nd Assistant: Andrea Gobbo

Case presentation by: Ali Alrawahneh

Semi Live Surgery cases

- Management of S-Shaped deformity of cylinders without device exchange - Danial Osmonov
- Trouble shooting 'sticky pump' - Rowland Rees
- Management of tubing rupture of the reservoir - Danial Osmonov
- IPP Exchange post multiple revisions and Implant infection - Marta Skrodzka
- Distal cross over and iatrogenic puncture of one cylinder - Koen van Renterghem

Debate

Is BMI a factor when planning penile prosthesis surgery?

No: Martin Gross, Yes: Pippa Sangster

10.30 am: Break

Session 2: Fibrosis

Chairs: Georgios Hatzichristodoulou and Rowland Rees

Live Surgery

IPP in chronic fibrosis - Professor David Ralph

1st Assistant: Thomas Reid

2nd Assistant: Abdullah Al-Mitwalli

Case presentation by: Albert Wong

Semi Live Surgery cases

- Fibrotic Corpora - previous explant for chronic infection - Marta Skrodzka
- Facing the Challenges: Advanced Techniques for Managing Severe Corporal Fibrosis in penile surgery - Paulo Egydio
- IPP in severe fibrosis - Wai Gin (Don) Lee

Talk

Novel use of STIMULAN in infected penile implants - Darren Katz

Debate

Vacuum erection devices are a useful adjunct to penile prosthesis insertion.

Yes: Sam Ward, No: Odunayo (Ayo) Kalejaiye

1.00 pm: Lunch

PM

Session 3: Reconstructive Surgery

Chairs: Jay Simhan and Agustin Fraile

Semi Live Surgery

- Malleable penile prosthesis in buried penis with Split skin graft - David Ralph
- TEP: Strategic Management of Diameter- Length Disparities for enhanced functionality - Paulo Egydio
- IPP insertion after priapism and previous attempted IPP aborted due to urethral injury - David Ralph

Debate

Should adjunctive interventions like ventral phalloplasty, suspensory ligament release and public lipectomy be offered at time of penile prosthesis?

Yes: Juan Salamanca Martinez, No: Antoine Faix

3.00 pm: Break

Session 4: Revisions and Virtue slings

Pedro De Oliveira and Odunayo (Ayo) Kalejaiye

Live Surgery

Mulcahy revision - Professor Asif Muneer

1st Assistant: Jack Crozier

2nd Assistant: Rakan Aldarab

Case presentation by: Mo Shah

Semi Live Surgery

- Infrapubic IPP - Pedro De Oliveira
- Penoscrotal IPP with Virtue sling - Rowland Rees
- Incontinence at time of IPP - Agustin Fraile

Closing
